Re: In re: National Inquiry on the Impact of Climate Change on the Human Rights of the Filipino People, CHR-NI-2016-0001

Dear Commissioner Roberto Eugenio T. Cadiz:

We write in relation to the papers that you sent via DHL in the above-referenced matter, which were received on August 1, 2016.

Please be advised that the package does not indicate any particular Chevron entity for which delivery was intended. Moreover, the entity to which the package was addressed, "Chevron Headquarters," does not appear to be identified as a respondent in the Petition, nor is it a registered corporate entity. The entity identified in the caption, "Chevron (US)," also is not a registered corporate entity. Moreover, no entity at this address is authorized to receive any communication and/or process for and on behalf of any entity identified anywhere in the papers.

Consequently, the copies of the Petition and the Order dated July 21, 2016 appear to have been erroneously sent to this address and are hereby being returned to the Philippine CHR for appropriate disposal or action.

For the avoidance of doubt, this letter is being written solely for the purpose of returning the copies of the Petition and Order to the Philippine CHR.

Sincerely,

A handwritten signature in blue ink that reads "Kari H. Endries".

Kari H. Endries  
Managing Counsel, Governance
