

GBV CASE IN NCR

A 16-year-old victim was physically abused by her own father. According to the report through the Commission's GBV Online Portal, the victim was forcibly hit by her father using a metal stool of which resulted to an injury in her elbow. Consequently, the victim was brought to a hospital somewhere in NCR. Based on the medical examination, her elbow was badly hit, the reason why her elbow become swollen.

The anonymous person, complaining on behalf of the victim requested the Commission to find a shelter for the victim. CHR Gender Equality and Women's Human Rights Center (GEWHRC) consulted the Childs Rights Center (CRC) for appropriate action and thereafter referred the case to CHR-NCR on June 8, 2020 for appropriate investigation. Preliminary response to the anonymous complainant on behalf of the victim was also made.
