

## **GBV CASE IN REGION XII**

The victim, 24 year of age rural woman was denied services in a hospital in Region XII. According to the report via Commission's GBV online portal, the victim was about to deliver her third child in the said hospital but was denied to be catered and thus she was brought to a lying-in clinic and delivered her child therein instead. The victim requested the assistance of the Commission for appropriate investigation of the subject case.
